

■ Work With Us – IIITEAM

Tools To Create Worlds

We're not looking for résumés. We're looking for people.

IIITEAM is an independent project born from a passion for videogames, graphics, music, and the creation of digital worlds.

We are not a big company.

We don't have futuristic offices or millionaire investors.

We are simply people who keep creating in their free time because they genuinely love doing it.

If you dream about making videogames, love creating things, have strange or original ideas, want to learn, and want to build something together with other passionate people... then you might be the right person for us.

Many great projects are born from small groups of motivated people.
